# A LETTER FROM THE PRESIDENT

Members and Friends of the Camp Bratton-Green Alumni Association,

The last three years have been a period of tremendous progress for both Camp Bratton-Green and the Alumni Association. The strides we've made as an institution are completely due to the hard work and generosity of our members and friends. A special thanks is due to Chip and Cathy Davis for their leadership and willingness to work with the Association to make our projects, another summer of camping, and a wide variety of off-season events a reality. All of these things are critical to sustaining CBG.

It's been a privilege and a pleasure to serve these last three years as president of the board. This year, my time on the board is coming to an end, and I invite all who are interested to nominate themselves or someone else they think would make a great board member to fill that vacancy (this person will not necessarily serve as president—the board will choose their own president once the vacancy is filled). We'll be sending out information about this very soon—keep an eye on your inbox.

Looking forward to another amazing summer in 2025 and to serving alongside you all as the Alumni Association opens its next chapter.

In Christ's name we play!

Joe Sabatier, Board President

Claire White Weaver, Treasurer  
Rev. CJ Meaders, Vice President  
Gabbie Munn, Board Member
